SPECIFICATIONS:  9000 SERIES 1 ¾” x 4 ½”

GENERAL DESCRIPTION
Work includes furnishing all necessary materials, labor and equipment for the installation of the aluminum framing system as specified herein.
NOT included: Structural support of the framing system.

PERFORMANCE REQUIREMENTS
Structural Performance-Deflection shall be tested in accordance with ASTM E330. Maximum deflection of a member shall not exceed L/175 of its span, and when the load is removed there shall be no evidence of permanent deformation or damage when tested under a load of (SPECIFY) PSF.

PRODUCTS/MATERIALS
Extrusions shall be AA-6063-T5 alloy and temper (ASTM B221 alloy G.S. 10A-T5) with a nominal wall thickness of .090". Fasteners shall be aluminum; stainless steel or zinc plated steel in accordance with ASTM A 164. Glazing gaskets shall be EPDM elastomeric extrusions or vinyl with a fiberglass reinforcement cord to prevent stretching.

FABRICATION
The framing system shall provide for flush glazing on all sides with no projecting stops. Vertical and horizontal framing members shall have a nominal face dimension of 1 ¾”, with an overall depth of 4 ½”.

FINISHES
All exposed framing surfaces shall be free of scratches and other serious blemishes. Aluminum extrusions shall be given an acid etch, followed by an anodic oxide treatment conforming to the American Architectural Metal Association to obtain a color anodized finish AA-M12C2XA31 class II (clear anodized) or AA-M12C2XA44 class I (dark bronze anodized). Wood grain, black anodize, powder coat, and Kynar finishes are available upon request.

EXECUTION
The framing system shall be installed, glazed, and adjusted by experienced workers in accordance with the Ramco’s installation instructions and the approved shop drawings.

CLEANING AND PROTECTION
After installation all metal surfaces shall be cleaned to remove contaminants. All work shall be protected against damage until approved by the general contractor. Thereafter, it shall be the responsibility of the general contractor to provide protection and final cleaning.

NOTE: “Always Service All Ways” is our trade mark and to keep up with today’s innovations Ramco reserves the right to change specifications without written notice.
